Address a high-calibre expert audience

... at one of the leading trade fairs for preventive fire protection in Europe!

The major industry gathering is an excellent opportunity to present your products and services. The expert conferences taking place at the same time and the carefully curated supporting

programme in the exhibition hall attract a high-calibre trade audience. One highlight, for example, will be the VdS-FireSafetyTalk, as it was last year, where experts will discuss burning current issues in the exhibition hall.

Design your trade fair appearance according to your ideas: for example, with live demonstrations of your products or a lecture in the exhibitor forum. You can find all information online at www.vds.de/fire-safety.

Our offer: **5% early bird discount** on stand rental for bookings made by 31 March 2024!
